As a 2 and 3 year old he was a National Champion. He has received numerous titles and regionally in Amateur Owner Performance and Pleasure, and has earned the prestigious T.O.P and L.O.M. awards. His offspring have just begun their show careers and are already winning in the show pen. They are characterized with great hocks, upright heads and necks, and the power to drive into first. Joyero is easy to handle and passes this off to his offspring as well. At this time, we are opening him up to breeding to outside mares with an introductory offer of \$750.
